

FIRST EDITION.  
11:30 P. M.

The New York Times has backed out of its scheme of bestowing charity on Grant.

CONKLING wants Levi P. Morton to be senator from New York. Others want him for Sherman's place.

SECRETARY SCHURZ will be able to pass his days in peace at some foreign court after the 4th of March next.

THE Burlington Hawkeye demands that "the new secretary of the navy shall at least know how to swim."

MR. CONKLING is rather severe on the New York Nation. He calls it "a hectic patch of bumptious pedantry."

GEN. McDOWELL is said by some to be the coming secretary of war. He is now stationed at San Francisco.

THE cold snap has locked up 7,000,000 bushels of grain in Erie canal. More than 1,000 boats are frozen in.

DOWD, the defeated candidate for mayor of New York, is being pressed by his friends for comptroller of that city.

THE admission of Fair, from Nevada, is to be contested in the next senate on the ground of wholesale bribery and corruption.

GEN. AVERILL will tell the grand jury what he knows about the Morey letter. He knew all about it a week before it was published.

MR. GLADSTONE says, not Tennyson but Disraeli, is the greatest literary genius of the age. He can afford to be magnanimous now.

JUDGE COCKBURN, of the Queen's bench court (supreme court) England, was a nephew of the man who burned Washington in 1814.

A "SPECIAL" to the Commercial, to be found in another column, shows what might have happened if the presidential vote had been close.

IN Wisconsin the senatorial race is between Sawyer and Keyser. The former is a wealthy lumberman and the latter is postmaster at Madison.

DAN. VORHEES thinks that Mahone will act in all political matters with the republicans. What the "Sycamore" really knows is not made public.

IT now transpires that Garfield was absent from Washington on the 23d of January, the day upon which the Morey letter purports to have been mailed.

TEXAN TOM O'NEILL says Grant has learned to say "No." The same gentleman urges ex-Governor Davis, of Texas, for the southern representative in the cabinet.

GALUSHA A. GROW claims 51 out of 154 votes for senator from Pennsylvania. Cessna, Oliver and Morrill are also candidates. The two latter are wealthy iron men.

GO to church. That is one of the duties of the day. If there is any more they don't appear at this moment—unless it is gormazing on turkey and other traditional edibles.

THE Standard Oil company, which is perhaps the largest monopoly in the United States, is much vexed now by "outsiders" who continue in the very reprehensible habit of selling at from 2 to 2 cents below the Standard's figures.

WEAVER carried only two counties in the United States in the last election. One was in Iowa and the other in Texas. Edwards did not carry a county in Tennessee and received only about 1,500 votes. It is estimated that each of these men have cost him about fifty cents, taking into consideration his necessary expenses.

THE Nashville American has taken up Johnnie Thompson's tactics and is claiming everything. The next senate will stand: democrats 15, republicans 10. The house will be composed of 37 republicans, 37 democrats and 1 greenbacker. The greenbacker will not with the republicans and with the two democrats who are pledged to Maynard, the legislature will be tied on joint ballot.

LAST year the Indians in the United States, exclusive of those in the Indian Territory, raised 500,000 bushels of wheat, 700,000 bushels of corn, 250,000 bushels of oats and barley, 400,000 bushels of potatoes, 78,000 cattle and 85,000 sheep. The civilized tribes in the territory raised 2,000,000 bushels of corn, 330,000 bushels of wheat, 500,000 bushels of potatoes, 200,000 cattle and 400,000 hogs.

STEAMER ON FIRE.

ST. JOHN, N. B., Nov. 26.—The steamer Algatta, from New Orleans for Liverpool, loaded with cotton, which was put in here last evening with fire in her two foreholds is discharging her cargo with a fire company ready to apply water when fire shows itself. The extent of the damage can only be ascertained when the two holds in which the firemen are working shall have been cleared.

## TELEGRAPHIC.

## POSTAL AFFAIRS.

WASHINGTON, Nov. 23.—The annual report of Postmaster General Maynard was made public to-day. It presents a large amount of statistical information concerning the operations of the department, most of which has already been published in abstracts of reports of his subordinate officers. The postmaster general approves the action of Assistant General Brady in spending upon the star service last year more than the amount appropriated therefor, and says that, under the circumstances, "to have restricted the postal service to the meagre appropriation for 1879 would have rendered it entirely inadequate to the wants of the people. He also approves of Gen. Brady's estimates for the next fiscal year, and recommends an appropriation for continuance of special mail facilities on railroads. It is also recommended that congress authorize the postmaster general to pay reasonable subsidies to such lines of American steamers as may be employed under contract with the postoffice department in transporting mails of the United States to Mexico, Central America, South America, and trans-Pacific ports.

The postmaster general says the money order system continues to grow in popular favor, its operations having been increased from about one million dollars in 1865, to more than one hundred millions in the past year. It is recommended that the fee for money orders not exceeding five dollars be reduced to five cents, and that the maximum limit of orders be increased to \$100. He also suggests the establishment of "postal savings system," of postal telegraphs, and of a foreign "parcel post," by means of which small packages containing dutiable merchandise shall be exchangeable with foreign countries through the mails. Mr. Maynard renews the recommendation of his predecessor that privileges of the registry and money order system be denied by law to all lotteries, whether the latter be fraudulent or not, and that newspapers containing lottery advertisements be deprived of the privileges of the mails. The report concludes as follows: "The department has, from its beginning, exhibited continual growth corresponding with the development of the country, and at the same time constant improvement in methods and results. It has been the unvarying aim of the administration to correct abuses, to remedy defects, and to secure increased efficiency. In future I am persuaded no efforts will be spared to bring the service to a state of ideal perfection, when nothing entrusted to it shall be lost or even delayed."

A MUDDLED AFFAIR.

DENVER, Colo., Nov. 26.—J. H. Jackson, uncle of D. Jackson, who was, last September, killed by the Indians, was arrested Tuesday night as an accessory to the murder of the Indian Johnson, but, at the preliminary trial, the prosecution failed to sustain the charge, and the prisoner was discharged. It now seems doubtful if Johnson is dead, as several parties assert that they have seen him, and that he was only slightly wounded in the arm. The case of Agent Berry and others was postponed to April 27th. Commissioner Meacham gave bond in the sum of \$5,000. Berry, Hoyt and Clone are still in custody.

TEXAS NEWS.

GALVESTON, Nov. 26.—The rear car of the south-bound passenger train on the Gulf, Colorado and Santa Fe railway, was thrown from the track and overturned near Arcola yesterday, injuring two ladies and one old gentleman, the latter seriously.

A dispatch to the News from Dallas says: News has reached here from Indian territory of an encounter between ten cowboys and fifteen Indians on the Comanche reservation. Seven persons were killed and wounded. The cowboys abandoned their wounded and escaped to Panhandle.

STEAMER SUNK.

FORTRESS MONROE, Va., Nov. 26.—The United States Kearsage arrived here yesterday from Norfolk. In coming down on Monday she towed her steam launch behind. When off Sewall's point the crew of the launch came aboard for supper. On returning to the launch the men lether drop back, and when the line was hauled it drew her under and she sunk. John Peters and Cox Swain, of Hamburg, was drowned. The Kearsage was anchored, and yesterday recovered her launch by grappling.

MARRIED IN JAIL.

RICHMOND, Va., Nov. 26.—At Salem, Va., yesterday, Marcus Hawley, who is to be executed to-morrow for the cold-blooded murder of Zacariah Hayes, was married in jail to Nannie Hawkins, who has born him two children. He was subsequently baptized. An Episcopal minister officiated at both ceremonies.

## THE MOREY LETTER.

New York, Nov. 26.—The grand jury to-day were still considering the Morey Chinese letter and the circumstances attending the forgery. They had before them some witnesses whose names and nature of whose testimony could not be learned. Secret interviews were held in the district attorney's office between Assistant District Attorney Bell, Col. Geo. Bliss, John I. Davenport and Louis Post, manager of the Truth newspaper. It has become known that the gentlemen who have heretofore acted as counsel in the Philip case are now actively engaged in sifting the disclosures made during the progress of the proceedings, with a view of tracing the origin of the Morey letter and accessories to its publication.

## HANGED.

SALEM, Va., Nov. 26.—The execution of Marcus DeLafayette Hawley, convicted last year in the circuit court of this county of the murder of Zacariah Hayes in June of last year, took place here to-day. Both the murderer and victim were white men. The execution was conducted privately, the only persons present being the officers of the court, a small guard, a minister of the gospel and representatives of the press. The weather was exceedingly disagreeable, a cold rain, with snow and sleet, prevailing, the latter falling steadily during the hanging.

## R. R. EXCURSION PARTY.

NEW ORLEANS, La., Nov. 26.—Col. Scott and the Texas Pacific railroad excursion party left yesterday, via the Morgan railroad, for Houston. Col. Scott expresses great satisfaction at his visit to New Orleans, and the attention he received at the hands of the board of trade and the citizens' committee, through whose instrumentality the merging of the Texas and New Orleans and Pacific railways was effected. The party will go via Houston, Denison and St. Louis to Philadelphia.

## ARRESTED.

VICKSBURG, Miss., Nov. 26.—The Warren county election commissioners, the chairman of the democratic executive committee of the sixth congressional district, and the chairman of the Warren county democratic executive committee, were arrested to-day by order of Judge Hill, of the United States court, upon charges made against them relative to the late election in this county. They go to Jackson tonight and will probably have a hearing to-morrow.

## DISASTERS.

ST. JOHN, N. F., Nov. 26.—Reports of disasters already to hand show the recent gales to be the most disastrous ever experienced in this colony. A large number of vessels are lost. Twenty or thirty left for northern ports shortly before the gale, and it is feared many of them are lost, with all on board.

## FOREIGN.

## ACTION FOR LIBEL.

PARIS, Nov. 26.—The action for libel brought by Gen. DeClusey against the editors of the L'Intransigeant and Petit Parisien newspapers was heard yesterday before a tribunal of the Seine. The tribunal rejected the request of the defendants, M. Henri Rochefort and Deputy Lassalet, for adjournment of the case until after parliamentary inquiry had been made. Gen. Greley, Ranson and Berges testified that they had never seen anything at the ministry of war tending to incite Gen. DeClusey. The engineer who effected to contract for M. Lassalet's declaration that Gen. DeClusey and Madame DeKaula had nothing to do with it. General Faye and DeCools, of the war department, affirmed that no plans of the mobilization had ever disappeared from the war office. The treasury commissioners declared that there has been no misappropriation of the war office funds. A Rochfort then explained the course he had taken. The tribunal adjourned until Friday.

## 250 LIVES LOST.

LONDON, Nov. 26.—A dispatch to Lloyds from Leghorn confirms the report of the loss of 250 lives by the collision near Spezia. The Onco Joseph was an iron screw steamer of 823 tons gross and the Ortaglia was of 1,853 tons burden.

SPEZIA, Nov. 26.—The steamer Onco Joseph sank almost immediately after the collision. Two hundred persons are known to be drowned and fifty saved. The fate of the other fifty is at present uncertain. A heartrending scene followed the collision, as the Onco Joseph was waiting in means to save the lives of a large number on board. The eye witnesses of the collision say they can not satisfactorily explain the manner and cause of the occurrence. The passenger list of the Onco Joseph shows a total of 264 persons on board, and the sailors numbered 33. Her cargo consisted of 80 tons of merchandise. At a roll call of the survivors 35 passengers and 23 sailors only answered to their names. The captain also perished.

HANLAN-LAYCOCK.

LONDON, Nov. 26.—The Sportsman says: "Hanlan says he wishes to satisfy all the comers. He will stay now Laycock if there is a pure of 1,000 pounds to compete for. If no such offer is made he will adhere to the old terms."

Visiting Cards, Ball Programmes and Wedding Stationery, new and handsome styles, always in stock at the CHRONICLE office.

## THE POISONING HORROR.

Further Particulars—Only Six Deaths—Several Yet Dangerously Ill.

Capt. R. M. Allison, who left Kingston Thursday, informs us that up to that time there had been no additional deaths from the terrible poisoning calamity at C. I. Dalls' residence last week. He reports, however, that a number are still dangerously sick, while others are recovering. Dr. J. W. Norwood, who came up from Lenoir yesterday evening, says the report reached that place yesterday that young Albert Gallaher had died since Thursday. He was reported dead at first, but it was a mistake. The East Tennesseean of Thursday has the following account of the sad affair:

It was the occasion of the marriage of Mr. Joel D. Hembree to Miss Jane, the youngest daughter of J. I. Dail, who lives about four and a-half miles northwest of town. The nuptials took place at the residence of the bride's father on Thursday last, the 18th inst., and immediately after, the party, together with the invited guests, sat down to a dinner, about noon, prepared for the occasion. The following night and next day, nearly all who ate became sick at the stomach, and were vomiting and purging. Friday night Kate Lowery, a little girl eight years of age, died, and also a little two year old granddaughter of Col. Dail. Sunday evening Robert Dail, a married son of Col. Dail, aged about 24, died, and on Monday morning a Mr. Robert May, an elderly gentleman from Illinois, visiting the Dails, died. The cause of the sickness remains a mystery. The physicians are unable to determine. All agree that it is poison, but as to the kind, or how administered, no one seems to know. There are various theories. Among others that it was from the brass kettle which was used to boil custard and fruit. But the fact that some are sick who did not eat of the articles cooked in the kettle, would seem to explode that theory. Some of the physicians state that the symptoms indicate arsenic poison, and it is thought probable the cook might have used arsenic for soda, through mistake. A member of the family did the cooking, and the Dails assert that no arsenic has ever been in the house. There is one other theory, viz: that the poison was placed in the food designedly by some evil disposed person.

The following is a list of those who were present and who are now sick, and also those who were present and partook of the refreshments, and unaffected, and also a list of the dead:

THE SICK.

Jas. I. Dail and wife, Miss Vira Dail, Miss Emma Dail, granddaughters of Col. Dail, Miss Henrietta Adkinson, daughter of Capt. Jas. W. Adkinson, Mrs. Robt. Dail, Mrs. Robt. May, of Illinois, Miss Callie May, daughter, Mack May, son, Walter Crumblies and wife, W. B. Weatherford, wife and daughter, Benj. Tedder, son of Tedder, Miss Matilda Tedder, daughter of Esq. Tedder, John King, Frank Wheat, Albert Gallaher, son of Houston, John McKinney, Ben. Margrave, Miss Matie Lovelace, Miss Sallie Suddath, Miss Susan Suddath, S. P. Sparks, Willard Hest, Mrs. E. J. Dwyer and son, Jim Fields, colored.

THE UNAFFECTED.

Joel Hembree and wife, Miss Emma Dail, W. E. McElwee, Miss Amanda Franklin, Dock Eve, Miss Victoria Adkinson, Sam. Margrave, Sam. Reiser, Miss Sarah May, daughter of Esq. May, Rev. Abraham Catler, the officiating minister.

THE DEAD.

Katie Lowery, aged 8 years; granddaughter of Col. Dail, aged 2 years; Robert Dail, son of Col. Dail, aged about 24 years; Robert May, of Illinois, aged 55 years.

Some of our citizens visited the neighborhood and report that one of the saddest sights they ever witnessed. At one time there were fourteen sick at Col. Dail's house—until the number was reduced by the death of three of them. On Sunday some of the sick were removed to neighbors, where they could have better attention. Little Katie Lowery was a bright, pretty little girl of eight years, an orphan daughter of the late S. Lowery, who was drowned in Tennessee river about a year ago. She was buried at the Presbyterian burying-ground Sunday evening.

The sad occurrence has cast a gloom over our entire community.

ARE YOU AWARE THAT A SIMPLE COUGH often terminates in Consumption? Why not be wise in time, and use ALLEN'S LUNG BALSAM, which stops the disease and prevents the fatal consequences.

Signal Service Change.

The Vicksburg Commercial of a recent date says:

Having been relieved from duty at this place and transferred to Knoxville, Tenn., Sergeant John A. Cody, of the United States signal service, will leave this evening for his new home. During a residence among us for upwards of two years, Mr. Cody and his estimable wife have won the esteem of all who have the pleasure of their acquaintance, and their permanent departure will be greatly regretted. Always steadfast to his duties, attentive to all the intricate details of the signal service, accommodating and polite to all who sought information from him, John A. Cody has won for himself the lasting friendship of our citizens and the warmest wishes of their best wishes in a new field of labor. To the press of Knoxville we specially commend Mr. Cody and assure our brethren of the gull that they will find him a clever gentleman.

Sergeant B. F. Hough, the officer at this post now, will leave as soon as he is relieved, for Savannah, Ga., where he will be stationed. Mr. Hough, during a residence of two years among us has made many warm friends by his courteous and gentlemanly bearing, and he leaves with the hearty good wishes of all. We take great pleasure in recommending him and his good lady to the citizens of their new home.

Allen's Lung Balsam has proved itself to be the greatest medical remedy for healing the lungs, purifying the blood and restoring the tone of the liver. It excites the phlegm which is raised from the lungs, thereby the cough, pain, oppression, Night sweats and difficulty of breathing, all the above symptoms will be cured, and the whole system again restored to health. For sale by all Medicine Dealers.

## THE ROGERSVILLE MURDER.

How the Murderer was Caught—No Lynching—All Quiet.

Our readers are conversant with the facts of the atrocious double murder of Chas. Brown and young Andy Heck, at Marble Hall, near Rogersville, Monday night. As to the capture of Harris, the perpetrator, the following letter gives further particulars:

BULL'S GAP, Nov. 24, 1880.

MR. EDITOR: Yesterday, while the inquest was being held over the bodies of Brown and Heck, there was a man present by the name of Harris who seemed to be very restless and started off. The sheriff got some one to ask him where he was going. He said he was going to a grocery near there, and started off. The sheriff seeing that he did not go to the grocery, followed him about three miles and arrested him and placed him under guard.

Harris had a brother who assisted Brown in getting some hogs to Whitesburg the day before that he had sold, and he was missing. The sheriff and one of his deputies started to Hancock county, where the Harrises come from, thinking they would find him there, and on their road they heard of him passing at the foot of Clinch mountain about daylight. They followed him and captured him that evening or night and lodged him in jail at Rogersville this morning before daylight. He had about \$200 that he said he took from Brown after he was killed. He said he got a check and hid it under a fence corner. He said he did not do the killing; he said it was a ruffian, but would not tell his name. The supposition is that the two brothers did the killing, and the first one that was arrested had started to tell the other how every thing was. After they had murdered the men they set the bed on fire, and would have burned the house down had it not been for a Mr. Price living within a few yards of the house. He smelt the feathers burning, examined his house, but could not find anything on fire, and went over to the house where the murder was committed and asked the lady state that the symptoms indicate arsenic poison, and it is thought probable the cook might have used arsenic for soda, through mistake. A member of the family did the cooking, and the Dails assert that no arsenic has ever been in the house. There is one other theory, viz: that the poison was placed in the food designedly by some evil disposed person.

The following is a list of those who were present and who are now sick, and also those who were present and partook of the refreshments, and unaffected, and also a list of the dead:
